RESCUE WORKERS SEEK ADDITIONAL VICTIMS OF FIRE

THIRTEEN ARE DEAD AND 25 SERIOUSLY BURNED IN WYOMING FOREST FIRE

CODY, Wyo., Aug. 23.—(P)—The Shoshoni National Forest fire claimed its thirteenth victim today with the death in a hospital here of William Whitlock, CCC enrollee at the Tensleep, Wyo., camp from Austin, Texas.

Whitlock's death occurred just after a hunt through smoldering ruins of the charred mountain forest had failed to yield up any additional bodies.

The few now that we have brought out all the bodies and that all our dead are accounted for," said John Sieker, supervisor of the Shoshoni National Forest in which the blaze occurred.

Two score others were injured—25 so seriously they required hospital treatment.

All the victims, many of them CCC enrollees from Texas, were fire fighters, trapped while battling the blaze in the Shoshoni National Forest in northwest Wyoming.

The blaze, which broke out Friday from an undetermined cause, was about 35 miles northwest of Cody and approximately the same distance east of Yellowstone Park. It blackened 1,500 to 2,000 acres of dense timber in the Absaroka mountains.

As the flames subsided slightly under a drizzling rain the searchers edged forward today.

Eight of the bodies were recovered yesterday. Three others were found last night among the gaunt skeletons of trees.

The first person to die in a hospital was Roy Stevens, civilian conservation corps enrollee from Smithville, Tenn., who had escaped out, "God, how lucky I am to be alive," after he was carried from the inferno.

The identification of the charred bodies was a laborious process. CCC officers, forest service rangers and bureau of public roads officials all took turns viewing the bodies in the dead and injured.

The list of dead: AL CLAYTON, 45, Sheridan, Wyo., Forest ranger. BILLIE LEE, 30, Cody, Wyo., bureau of public roads foreman. JIMMY SAEIN, 11, Cody, Wyo., crew member of CCC camp at Tensleep, Wyo.

REX HALE, junior technician attached to the CCC at Cody, Wyo. GEORGE ROGERS, George, Tex. CCC enrollee. ERNEST SELKE, La Grande, Texas, CCC enrollee.

Dawson Banquet Tickets Placed On Sale Monday

Tickets for the third in a series of "good will" visits sponsored by the retail trade committee of the Corsicana Chamber of Commerce, scheduled for Dawson Thursday night, were placed on sale Monday morning.

A goal of a hundred Corsicana business men making the trip to the West Navajo community had been set by Chairman Sydney Marks, and he urged that local business and professional men secure their tickets not later than noon Wednesday in order that ample preparations might be made for the event.

The program for the meeting will be supplied by Corsicana while the food for the evening will be prepared by Dawson groups.

CONGRESS LEADERS PREDICTING SPECIAL SESSION CALL BE MADE SOMETIME ABOUT NOVEMBER

WASHINGTON, Aug. 23.—(P)—Representative Miller (D-Ark.) indicated today after a White House call that President Roosevelt would make known within a few days whether there would be a special session of congress.

A few days in congress, remaining in the capitol despite adjournment, were quietly preparing meanwhile, for a special session which they believe inevitable this fall.

Others among those remaining at the capitol described much of the unfinished business left by the homebound colleagues as "urgent" and "important" and said they would be ready to begin their winter planting here

Rains Expected To Reduce Vote State Election

By the Associated Press

Heavy rains swept North Texas Sunday night and Monday, bringing needed moisture to fields but cutting sharply into what was already expected to be a light turnout to the polls in the election on constitutional amendments.

At Paris, County Judge R. V. Hammack said the rains will cut the number voting in that area by 25 per cent.

Wichita Falls had a 2.16 inch rain Sunday night, the heaviest of the year. Travelling was difficult on unimproved roads and a light rain, which continued as mist, was not expected to affect urban voting.

At Austin and elsewhere, in general, south-west and southeast Texas good voting weather was reported, but early balloting was light.

Dr. Jos. L. Cline of the United States weather bureau at Dallas said the rain area in North Texas seemed to be moving eastward. Dallas had 99 of an inch and heavy showers continued. At Texarkana clouds were hanging low and intermittent thundershowers slowed voting.

Wichita Falls had 3.50 inches of rain since Sunday and it was still raining. High water was feared from Elm creek in the western part of the city.

Farm Income For 1937 Is Estimated At \$9,000,000,000

WASHINGTON, Aug. 23.—(P)—Government economists predicted today that farm income for 1937 will be \$9,000,000,000, more than double the 1932 depression low of \$4,238,000,000. The 1929 total was \$10,479,000,000.

This figure is over a billion dollars more than 1936 cash farm income, which was \$7,865,000,000, and more than double the 1932 depression low of \$4,238,000,000. The 1929 total was \$10,479,000,000.

A. G. Black, chief of the Bureau of Agriculture Economics, said 1937 was more favorable than other years—the larger income is more evenly divided, over the nation because droughts failed to damage crops of extensive regions as in 1934 and 1935.

The income survey estimated government payments to farmers in 1937 would amount to \$400,000,000 more than in 1936. Spending on payment checks accounted for the gain.

Income from farm marketings will run a \$1,000,000,000 ahead of last year, the economists said, chiefly because of larger crops this year.

LEGIONNAIRES OF TEXAS MEETING IN SAN ANGELO TODAY

THREE HIGH STATE OFFICIALS SCHEDULED TO ADDRESS VETERANS

SAN ANGELO, Aug. 23.—(P)—American Legion members attending the state convention today turned their attention to politics as spirited campaigns for the state commandery aroused unusual interest.

Meanwhile, Gov. James V. Allred and Railroad Commissioner Ernest O. Thompson were on hand for the sessions, and Attorney General William McCraw was expected. All were to address the convention.

Three candidates for commandery from three of the state's largest cities were in this major race. They are Charles A. Osborn of Dallas, 18-year member of the legion and holder of numerous offices in the legion and 40, and Pat La Touche of Houston, former national committeeman from Texas, and Dr. W. J. Danforth of Fort Worth, who also has a long record of activity in the organization and whose wife formerly was president of the auxiliary.

Spirited campaigns were being waged by followers of all three candidates.

Austin and Texarkana remained the only cities bidding for the 1938 convention.

More than 2,000 veterans and auxiliary members are expected to march in the annual parade late this afternoon. The Coleman 100-piece band, official band of the West Texas Chamber of Commerce, the New Braunfels band and the Port Arthur, Cameron county and other band units and drum and bugle corps will head the march.

Band concerts and drum and bugle corps contests are scheduled tonight. Dances at the major hotels will conclude the day's activities.

Selection of the next meeting place, passage of resolutions and election of officers are scheduled Tuesday.

Allred Tells Legion Follow Process Law

SAN ANGELO, Aug. 23.—(P)—Gov. James V. Allred this morning charged world war veterans attending the state convention of the American Legion here, to bulwark the freedom of speech, press and assembly, to uphold the eternal truths of the constitution and to accept the individual responsibilities of living up to the organization's creed.

He declared for orderly processes of law against the mob, for the preservation of property rights and for redemption by the legion to its opposition to the autocracy either of the classes or of the masses.

"We cannot have a sit-down," he said.

DISTRIBUTION OF FAIR-LIVESTOCK CATALOG STARTS

MANY VALUABLE PRIZES OFFERED FOR EVENT OCTOBER THIRTEEN-SIXTEEN

Catalog for the first Navajo County Fair and Livestock Exhibit which will be held October 13-16, came from the press Saturday and distribution was started immediately. The book and fair financing was made possible by the contributions of some 235 business and professional men in Corsicana.

In a foreword, R. W. Knight, fair secretary, asserts that the Corsicana Chamber of Commerce was organized to help the fair because the members realized the necessity of improving agricultural conditions generally with need of greater emphasis on production of better quality and increased amounts of livestock.

Members of the general fair committee include W. C. Stroube, chairman; J. N. Edens, Sr., vice chairman; H. L. Wheeler, Fred M. Allison, H. C. Robinson, Miss Ruth McNabb, Wayne Milligan, R. L. Harris, Jack Megarity, Ben F. Blackmon, J. N. Edens, Jr., Pauline M. McKinney.

Department chairmen were listed as follows: 4-H Club—F. A. Chapter Boys' Department—George Hurt. Individual Exhibits Department—H. J. Kent.

Home Demonstration Club Department—Miss Ruth McNabb. Girls' 4-H Club Educational Exhibit—Mrs. S. B. Watson.

Entertainment—W. L. Harris. Dairy Cattle—R. L. Harris. Beef Cattle—Marvin Mayberry. Hogs—Frank Burrows. Sheep—C. R. Hall.

Negro Workmen—Mrs. Jessie Shelton. General and special rules and regulations are set out in the catalog with the announcement that no cash awards will be made in classes where there is no competition. Cash prizes and ribbons are provided in the various contests.

TEXANS VOTED ON SIX AMENDMENTS TO THEIR CONSTITUTION

ONLY CASUAL PUBLIC INTEREST HAS BEEN AROUSED OVER ELECTION

AUSTIN, Aug. 23.—(P)—Texans voted today on six proposed amendments to the state's sixty-one-year-old constitution.

Some of the amendments had provoked debate before the legislature but aroused only casual public interest.

Balloting began at 7 a. m. and was to end at 7 p. m. In Dallas voting machines aided fast tabulation. Elsewhere, with a light vote forecast and the ticket lengthened by only a few local election issues, an early report of results was expected.

The weatherman forecast partial cloudiness for both East and West Texas.

First on the ticket was the amendment abolishing double liability for stockholders in state banks. Provision for aid to destitute children was second; the amendment providing authority for the legislature over methods of emancipation for district, county and precinct officers. Third, Fourth on the list provided for discounts for payment of ad valorem taxes before delinquency; fifth was the authorization for Harris county to levy a special tax for a pay-as-you-go road building program, and last the provision for state aid to needy blind.

HOUSTON, Aug. 23.—(P)—Early returns from 12 scattered precincts in Houston gave wide majorities to the first, second, fourth and sixth of the constitutional amendments being voted on today. Majorities were being returned against the amendment to reinstate the fee system and the "pay-as-you-go" road plan amendment had only a narrow margin.

WASHINGTON, Aug. 23.—(P)—Democratic leaders, worried by the strife within their party, predicted today that before congress reconvenes President Roosevelt must choose one of these far-reaching courses of strategy:

1. Reconciliation, at the cost of abandoning some of his most cherished objectives, with the party factions which have refused to support all of his program.

2. A new campaign to rally public support and hammer through his controversial issues, risking disruption of the party beyond all repair.

One of the new deal's most trusted strategists said privately today that Mr. Roosevelt will base his decision on the trend of public opinion within the next few weeks.

He described as "trial balloons" two contradictory speeches made almost simultaneously last week by one regarded as white house spokesmen—Postmaster General Farley and Senator Guffey (D-Pa.).

Farley attacked a young democratic convention in Indianapolis that there would be "no reprisals" against senators who fought the president's court plan. He promised a return to party harmony.

In a savagely worded radio speech Guffey predicted that the "rebel" senators—notably Wheeler (D-Mont), Burke (D-Neb) and O'Mahoney (D-Wyo)—would be driven from the party.

Reaction to these pronouncements, democrats predicted, will be in large measure the president's first strategy.

The first reaction was promptly supplied by the three senators. Guffey had denounced. In their last major addresses of the session they defied anyone to oust them from the party, and bluntly told the administration they were ready for open war.

If the fight comes, their friends said, the "rebels" can count on strong support from other disaffected elements within the party. With them would stand the "old-line" democratic leaders, who are determined to name an anti-new deal presidential candidate in 1940; a host of southern congressmen, perturbed by the administration's wage-hour legislation and friendship with organized labor, and foes of the new deal's plan to extend public power development through seven "little TVA's."

Two Children And Woman Drown In Swimming Hole

HEMPSTEAD, Aug. 23.—(P)—A holiday jaunt to a swimming hole, today had cost the lives by drowning of two children and the mother.

The dead, all of Houston, were: Mrs. Mollie Ford, Grace Hill, 10, and Bobbie Hill, 13, and brother, children of Mrs. John Cameron of Hempstead.

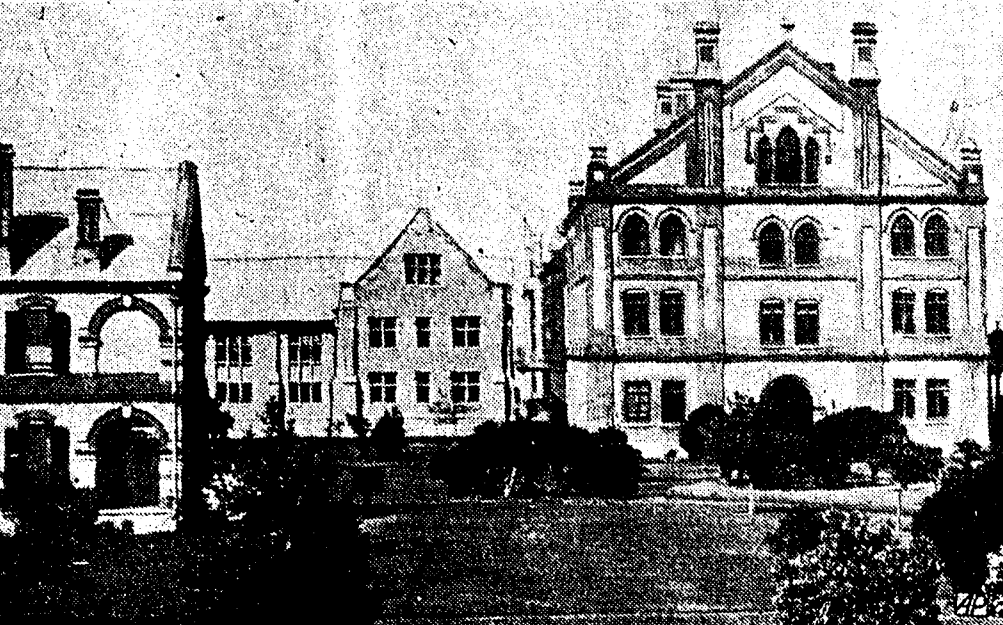

John Cameron, brother of Mrs. Ford, said she drowned trying to save the children, who had waded in the pool and slipped in over their heads.

Mrs. Ford jumped into the water and drowned trying to save Grace and Bobbie, Cameron said. "Mrs. Hill got the other child out of the water, but she was unable to help Mrs. Ford or the other two children."

Mrs. Hill saved her daughter, Dorance, Grace's twin.

The family were spending Sunday as guests of Mrs. Ford, who had a summer cottage near Hempstead.

DECLARED PRESIDENT MUST CHOOSE COURSE WITHIN HIS PARTY

HARMONY OR OPEN WARFARE SEEN BY DEMOCRATIC LEADERS AS RESULT

Brine or Oil Is Equally Desired In Stamford Well

STAMFORD, Aug. 23.—(P)—Oil or brine well, the city of Stamford doesn't care which under its new drilling contract. Needing a new salt water well for 48-hour treatment police on Luaders, the city will be deepened from 1,000 feet to 1,500 feet.

If oil is found in intervening structures, as the Albany driller hopes, the city will receive its royalty and the driller will drill a new salt well to King sand, free of charge. If the deepened well produces no oil but salt in sufficient proportion for the city's needs, the city will buy it for \$1,000. The city of Stamford already has one producing oil well located on its old settling tank property.

TWO OTHER CHICAGO WOMEN ATTACKED; SEEK OUT CULPRIT

SLAYING OF PRETTY NURSE AND OTHER ATTACKS AROUSE AUTHORITIES

CHICAGO, Aug. 23.—(P)—The slaying of a pretty nurse and assaults upon two other women—all in a 48-hour period—aroused a roundup today of "every man with a record for any sex offense."

The latest assault victim was Mrs. Anna Hollander, 50, who was beaten and knocked unconscious by a negro in a South Side prairie last night.

She said the man approached her from the field and struck her with his fists. Mrs. Hollander cried out: "Take my purse, take my purse," but instead he tore her dress and struck her again.

Frightened by a passing car, her assailant fled after leaving her on the ground unconscious.

Meanwhile, Police guarded hospitals, nurseries, hotels and other living quarters for young women while authorities questioned more than 100 suspects in the rape-slaying of a 19-year-old nurse and the razor assault upon another.

Capt. John Prendergast, chief of the uniformed police, ordered all districts to "bring in every man with a record for any sex offense" after Miss Florence Swanson, 34, was slashed with a razor by an intruder early Sunday.

Miss Anna Kuehler was slain last night by a negro who entered her second floor room at the Chicago Hospital through a fire escape window Saturday.

Concerted action by hospitals to guard against further assaults upon nurses was urged by Dr. Arnold F. Emch, executive director.

REBELS CONTINUE DRIVE IN EFFORT TAKE SANTANDER

HENDAYE, Franco-Spanish Border, Aug. 23.—(P)—Hammering at the gateway to "iron ring" around Santander, five insurgent columns drove forward today to consolidate their control of the Spanish Biscayan coast.

The high command of the insurgents claimed they occupied twenty villages between Valmaseda and Villa Santa de Mena, as General Francisco Franco's troops pushed toward Santander from five directions.

The government war ministry said it had learned from four Italian and one Spanish insurgent prisoners taken at Oviedo that there was left at 2.32 per cent of the population notwithstanding

DEPARTMENT STORE IN SHANGHAI SCENE TERRIBLE SLAUGHTER

INDESCRIBABLE SCENE FOLLOWS BUSTING OF SHELL AMONG SHOPPERS

By MORRIS J. HARRIS

SHANGHAI, Aug. 23.—(P)—An estimate 400 persons were killed and perhaps 1000 wounded, including three Americans, by a heavy artillery shell that smashed into a crowded department store section of the International Settlement today.

Scores of Americans miraculously escaped death when the second projectile pierced the six-story United States naval warehouse and crashed through to the bottom, but failed to explode.

The wounded Americans were Anthony Birmingham, staff correspondent for the New York Times; Hallett Abend, chief of staff for the New York Times, in China; and Blanche Tenney, Shanghai-born American.

Other Americans may have been killed or wounded.

Police said they were unable to estimate accurately the toll of injured and killed, but I counted 200 bodies and know there must have been as many more.

Origin of the department store shell was unknown. Some military experts said it may have been a 120-pounder eight-inch shell which Japanese warships off Woosung were firing to protect landings of reinforcements.

The shell struck Nanking road at the busiest corner of Shanghai. On one side of the intersection, the huge seven-story building of the Chinese Co. Ltd., department store was crowded with shoppers.

Across the street the newly opened 16-story building of the Wing On and company department store was equally jammed. The two stores are Chinese-owned.

Japs Land Reinforcements. Supported by an all night bombardment, Japanese landed reinforcements down the Whangpoo river, near the Chinese Whangpoo docks. The Japanese consular office reported 50,000 fresh troops landed in the face of intense Chinese artillery fire. Military observers said they expected Japanese to launch a heavy offensive tonight.

Chinese said their troops "drove off" a Japanese force moving inland to strike Chinese lines from the rear, but Japanese held the right bank of the Whangpoo near its confluence with the Yangtze.

Most of the approximately 100 Japanese warships in Shanghai waters joined in the protective barrage, but Japanese held the right bank of the Whangpoo near its confluence with the Yangtze.

Chinese said during raids by their new mosquito-like sea-lanes had sunk several Japanese warships.

Over Half Million Bales Of Cotton Ginned Aug. 16th

WASHINGTON, Aug. 23.—(P)—The cotton bureau reported today that cotton of this year's growth ginned prior to August 16 totaled 5,144,875 running bales, counting 5,094 running bales as half bales.

The running bales for the year totaled 208,500 running bales, including 487 round bales. Two years ago ginnings were 318,139 running bales, including 802 round bales.

Ginnings by states were: Alabama 6,337; Arizona not included, Florida 1,114; Georgia 10,947; Louisiana 32,824; Mississippi 4,478; Texas 447,784 and all other states 471.

OIL OPERATORS IN ALL PARTS STATE EXCEPT EAST TEXAS FACE SHARP PRODUCTION REDUCTION

AUSTIN, Aug. 23.—(P)—Oil operators in all sections of the state except the giant East Texas field must cut their production sharply on September 1.

The railroad commission set the Texas base production allowable for September at 1,411,734 barrels daily, a decrease of 53,757 from the August base figure and of 119,000 from the allowable five days ago.

Output promises to reach the one and one-half million barrel mark again before the end of September due to well completions, and the average therefore will remain well above the recommendation of the United States bureau of mines, which suggested daily production of 1,413,000.

The biggest surprise of the new order, issued late Saturday, was that it did not contain a cut for East Texas. The production factor there was left at 2.32 per cent of the population notwithstanding

testimony of commission engineers that it should be reduced to halt an excessive pressure drop. Commissioners did not comment, but some of those familiar with the situation said it would be impractical to curtail East Texas production and because the field contains approximately 23,000 wells and the porosity of these must be given an output of 20 barrels daily if they are capable of producing that amount.

A comparison of bales August and September allowances in the various districts, follow: East Texas, 470,734 and 475,308; Panhandle, 79,215 and 78,230; Moore county, 1,555 and 1,400; Osborne, 935 and 690; North Texas, 63,705 and 63,960; Pecos county, 675 and 650; West Central 71,302 and 71,269; West Texas, 213,498 and 193,489; East Central, 87,124 and 78,317; Rodessa, 37,718 and 32,817; Southwest Texas, 248,828 and 245,534; Gulf coast, 222,449 and 202,749.

## MEETING WILL BE HELD SUNDAY WITH COACHES PRESENT

INTENSIVE TRAINING SESSIONS WILL BE HELD FOR TEAM'S PROSPECTS

Prospects for the 1937 Corsicana Tiger football machine are to meet with the coaches at the high school building next Sunday afternoon in the first get-together session of the season. Intensive football training will get under way Monday afternoon, Coach John A. Pierce announced Sunday night.

Coach Pierce is attending the annual Texas Aggie coaching school this week. Including in those lettermen returning from the 1936 eleven are Calvin and Gene Massey, backs. A number of boys, however, who participated in many games will be back, including Farmer, a bruising tackle; Aubrey Poarch, end, and a number of others will form the nucleus of the line this season. Many boys on the fine junior high eleven last fall will report to Coach Pierce next Monday.

Assistant Coaches Jimmie Gardner and Pete Allen are expected to be on hand by Sunday afternoon.

A number of the boys have been training for some time while others have been doing manual labor during the summer months.

The opening tussle will be staged against the traditional opposition of the Bengals on Sept. 17, in Dallas. The Highland Park Scots always play Corsicana on this occasion.

Goal posts are being installed on the practice field at the home of the Tigers. Coach Pierce has stated the practice area is in the best condition in years.

A number of the blocks in the vicinity of Tiger field have been ceded during the summer by the city and school authorities and fans will have better accommodations in reaching the field in imminent weather.

Many football enthusiasts are beginning to talk football. Wazahachle has been training for some time. The other clubs will start within the next few days. Waco, the pre-season favorite for the title, is always the last club to start. Reports from Waco are to the effect that the boys will be called out by Coach Paul Tyson about Sept. 1.

The Corsicana Schedule. Sept. 17—Corsicana at Highland Park (Dallas) (Night).

Oct. 1—Corsicana at Corsicana, (District).

Oct. 8—Hillsboro at Corsicana, (Night).

Oct. 15—Ennis at Corsicana, (Night).

Oct. 22—Waco at Corsicana, (Night).

Oct. 29—Corsicana at Waxahachie, (Night).

Nov. 5—Open Date.

Nov. 12—Temple at Corsicana, (Day).

Nov. 19—Corsicana at Cleburne, (Day).

Nov. 26—(Thanksgiving)—Corsicana at Port Arthur, (Day).

**Luther A. Johnson Member of Group to European Session**

WASHINGTON, Aug. 23.—(AP)—Senator Barkley of Kentucky, and the majority of seven other senators and eight representatives who make up the United States delegation to the inter-parliamentary union conference in Paris plan to sail from New York Wednesday.

Barkley, chairman of the delegation, other members include Fritz G. Lanham, Fort Worth, Texas, and Luther A. Johnson, Corsicana, Texas.

The conference is to convene September 8 and last about 10 days. It will take up such questions as arbitration, tariffs and international relations.

**Sick and Convalescent.**  
C. E. McWilliams, local attorney former county judge, was returned to his home Sunday afternoon from a Temple hospital where he underwent an operation. He is expected to be able to be out within a week or two.

### Terrell Winner Over Magnolia Sunday 14 to 5

Terrell Monks fell on the delivery of R. T. Gowan in the sixth inning Sunday to amass seven runs and then finally win, 14 to 5, over the Magnolia Refiners at Magnolia field.

Magnolia is scheduled to oppose the Texas nine of Dallas here next Sunday afternoon at 3 o'clock. Herschel McClanahan is the manager of the Texas club and formerly played with the Refiners. Magnolia won, 6-5, over Texas several weeks ago in a sensational ninth inning rally in which three runs were made.

**Emhouse and Girard Won Games Sunday**

Emhouse won over the Bazette combination Sunday afternoon, 10-6, for the second straight victory of that club in the feature of the week's competition in the Navarro County Baseball League.

Girard, pitcher for the entire season, further strengthened the hold on first place with a 14-10 win over the Corsicana Cotton Millers.

The scheduled league melee between Currie and Rice was postponed by agreement. Currie won over Ross in the Central Texas Class B cup race, 8-1, while Rice won, 6-4, over the Currie-Cotton Mill game.

Currie and Rice will likely play their postponed game this week in the event that rains are encountered.

**Couples and Family Nights in YMCA Pool Is Newest Activity**

Preparations were nearing completion today for the opening Tuesday of a new activity at the Y. M. C. A., to be known as Couples' Night and Family Night.

The new activity is a new twist to the old family night, and is being held in the pool. At a meeting of the board of directors some time ago, it was voted to authorize the opening of the new activity, but it was not put into practice this summer as the pool was voluntarily closed while there were cases of infantile paralysis in the city and county.

Members may bring their dates or wives and another couple for Tuesday night's swim from 7:30 until 8:30, and on Friday night at the same hour, members may bring their families and guests. No stags or unaccompanied girls will be permitted in the pool.

**Girard Oilers Won Over Cotton Mill Sunday Afternoon**

Girard Oilers maintained their hold on the first place in the percentage column of the Navarro County Baseball league Sunday afternoon with a 14 to 10 decision over the Corsicana Cotton Millers. Many errors and walks were seen during the melee.

The above photo is of the famous 1902 Corsicana baseball club of the Texas league and will recall to many of the old-time baseball enthusiasts the stirring days when Corsicana established scores of records that stand unbroken at the present time.

This department is indebted to W. Z. Herman, always a close follower of baseball, for this photograph of the famous Oil City nine. Herman has an original photo of the above aggregation that he had preserved through the years. Tessie F. Dickson has the original negative of the above photo in her studio files.

Some of the figures listed as youngsters at the time of the above picture later became famous in Texas and other leagues as players, managers, and officials.

Back row, left to right—Method, pitcher; Nig Clark, catcher; White, pitcher; Mike O'Connor, first base and manager; George Markley, third base; Walter Morris, shortstop.

Center row, left to right—Ripley, outfielder; Upton Blair, business manager; Jimmie Maloney, outfielder.

Bottom row, left to right—Alexander, second baseman; Lucky Wright, pitcher; Ike Pendleton, outfielder.

**SEVERAL ARRESTS BY CITY OFFICERS DURING WEEK-END**

A negro was arrested near the intersection of East Seventh and South Seventh street Sunday after a white boy had been knocked from his bicycle and slightly injured by the automobile driven by the negro and the driver was alleged to have failed to stop and render aid. The negro was later transferred to county authorities.

The boy injured was George McCafferty of 811 West Eleventh avenue and his hurts were reported as minor.

A negro boy was arrested in connection with the shooting of a copper downspout from the David Crockett school building and transferred to the county authorities.

A white man was cited into court for operating a hamburger and cold drink stand on the sidewalk on North Commerce street in violation of a city ordinance.

### Baylor Offered Bear In Return For Schooling

WACO, Aug. 23.—(AP)—Pat M. Neff, president of Baylor University, today was pondering a proposition from a prospective student who proposed to work his way through school with a bear.

"Have just captured six-months old female bear," said a message from Maurice Hobson of Newkalo, N. M. "Want to come to Baylor next fall. Will trade you the bear for three years' tuition and will take care of the animal while in school."

Neff is inquiring into the market value of live bears while followers of the Baylor Bears' athletic activities are wondering whether the New Mexico bear is to be acquired as a mascot.

tately that the only thing which could forestall a special session would be a sudden rise in wheat and other prices, caused by an unexpected shortage abroad.

Other legislation, most of it highly controversial, will be awaiting action whenever congress reconvenes.

Administration leaders have indicated they will use all the pressure at their command to obtain passage of the wage-hour bill, already approved by the senate.

Another farm measure, passed by the senate but overlooked by the house, is the administration's crop insurance bill.

Northern senators of both parties have exacted a promise from administration leaders to bring up the highly-controversial anti-lynching bill early in the next session.

Almost equally controversial will be measures pending in both houses to carry out the president's program for reorganizing, merging and reshuffling more than 100 federal agencies.

The administration's flood control program, calling for the establishment of seven regional agencies similar to the Tennessee Valley Authority, also faces determined opposition.

"Neither I nor the legion can countenance the taking of the law into one's own hands. We cannot have the rule of the mob in Texas. Men are entitled to the freedom of trial, and I care not to want organization they belong. I thank God that for a long time there have been no lynchings in Texas."

I ask the legion to have no sympathy with the lynch mob, but to stand for the law. To continue its support of the inalienable rights of freedom of assembly, free speech and freedom of the press.

Col. Ernest O. Thompson, a Legionnaire, and C. V. Terrell, members of the Railroad Commission of Texas, addressed the convention.

ships. The "sunder" was blown over the water to launch torpedoes.

After the explosion, Chinese and Japanese troops intensified the air, land and artillery battles on the fringes of the flame-swept city.

I was just leaving the department store when the shell screamed toward the settlement. Suddenly everyone in the crowded street seemed to know it was coming.

It exploded in a mass of humanity. Building fronts blown away. The fronts of the two buildings were blown away.

After the explosion, bricks, timbers and even steel girders hurtled through the air.

The crowd went crazy. Some probably were trampled to death. I saw Hallett Aheno, wounded in the foot, fight his way through a mob-carrying Anthony Billings.

Semi-conscious, Billingsham collapsed in the street. There were four shrapnel wounds in his chest. His left arm and hand were mutilated.

At the Cline and Co. building the destruction was terrible. Only a few minutes before it had been crowded with shoppers.

Hundreds of bodies lay in piles. It seemed as if the force of the blast had gathered them up and rolled them together.

Most of them were twisted horribly. Many were burned. Others were torn apart.

Pools of blood glistened in street car tracks and gutters. Fragments of bodies plastered walls. Fragments of heads, legs and arms plastered building fronts.

Some were scattered in the street two blocks away.

Here and there a body dangled over railings. Parts of the buildings sagged forward with apparently nothing to support them.

It will take days to count the dead. It even will take days to find many of the bodies.

I did not see the bodies of any foreigners, but shortly before the explosion I saw a number of them shopping inside the stores.

Nearby hotels housed additional dead.

The estimated deaths, even estimates by policemen on the scene, varied from low figures to some absurdly high. It seemed, however, that the 400 figure likely would be accurate when the final story was told.

While the belligerent forces prepared for what many said would be the heaviest fighting yet, Americans and other foreigners hurried their evacuation plans.

An American naval board of inquiry convened today to investigate shelling of a navy warehouse. A similar board sent to Washington its report on shelling of the U. S. S. Augusta Friday, which brought death to one seaman and injury to 17 others.

A shell which struck the Ward Road prison drove the 6500 inmates into terror. Evacuation of the prison started yesterday but was blocked by Japanese protests that many of the convicts were going into the Chinese army.

**American Casualties.**  
Among the American and other foreign casualties were:

Klaus Eckhart, 16-year-old German student, died. Tinney, Shanghai-born American, slightly injured; Valeria Glasser, Polish, seriously injured; A. U. Brunner, a Swiss, seriously injured.

The sound of the artillery duel reverberated monotonously into the day. It was Shanghai's 11th day of harrowing war and the northern and eastern sections of the city as well as the rich industrial suburb of Yangtze across the Whangpoo river were in flames.

So fierce were the raging fires that all land operations in the fringes of the city were virtually suspended. Troops were grounded from their positions by the flames.

**Eye-Witness Reports Damage Jap Vessels**

SHANGHAI, Aug. 23.—(AP)—An American eyewitness stated tonight he had seen one Japanese destroyer badly damaged and Japanese gunboat sunk by Chinese airbombers as the warships were covering the landing of Japanese army units near Wosung.

Michael Hermann, of Chicago, an oil chemist, said he viewed the battle from the deck of a Tessa company tanker.

The Japanese destroyer, he said, was hurled from the scene in tow of a sister destroyer.

The gunboat keeled over at an angle of 45 degrees and went down.

This fight apparently was one of many that raged along the banks of the Yangtze river as a new Japanese army sought a foothold on Chinese soil.

**Children Scream As Planes Swoop On Manila Refugees**

MANILA, P. I., Aug. 23.—(AP)—Child refugees screamed today as welcoming airplanes swooped low over the liner President Hoover bearing 871 persons fleeing from the Shanghai war zone.

The vessel was held several hours at the breakwater while the passengers were inducted against the dreaded cholera, smallpox and typhoid.

When two planes screamed over the rigging a group of children turned blanched faces skyward and bolted below. They were memory-ridden by terrifying experiences in Shanghai when similar roaring birds had cast death about them.

With the passengers immunized the Hoover was warped to her berth and with United States army officers superintending the refugees were speedily set ashore. Three hundred Chinese and Japanese victims of an undeclared war were housed at Fort William McKinley and others were given lodging in Manila and at the

### Unusual Birth

Mary Boccawinski

Dominic Boccawinski

One of the most unusual births on record occurred in a Philadelphia hospital as surgeons performed a one-minute emergency operation on Mrs. Mary Boccawinski the moment after she died and saved her unborn baby, a three-and-one-half-pound girl.

Mrs. Boccawinski was suffering from tubercular meningitis. Dominic Boccawinski, husband of the woman, at first objected to the operation but finally gave his consent if it was performed after his wife's death.

The estimated deaths, even estimates by policemen on the scene, varied from low figures to some absurdly high. It seemed, however, that the 400 figure likely would be accurate when the final story was told.

## TIZENS NAVARRO COUNTY CALLED ON ADDITIONAL MONEY

AT LEAST ANOTHER THOUSAND DOLLARS NEEDED FOR STORM SUFFERERS

"Citizens of Navarro county must send in contributions of at least a thousand dollars at once or some of the victims of the recent storm are going to have to suffer from our carelessness and neglect," J. N. Garitty, chairman of the county Red Cross chapter, asserted Saturday morning.

"We have received \$7,000 from the national treasury of the Red Cross and officials have told us that no more will be forthcoming and they feel that residents of the county who escaped the storm damage and were assisted by the rain, should be willing to assist in the rehabilitation more liberally," the chairman continued.

100 Applications.

"A total of 100 applications for assistance have been received and up to the present time, the sum of the local contributions have only been sufficient to care for 10 of them, or approximately one-tenth."

The chairman, backed by figures supplied by Miss Frances Blackburn, case worker in charge pointed out that the aid being given on the basis of actual needs at the present time and not on a basis of the amount of loss suffered, and that only sufficient assistance was being given to prevent actual suffering and want and provide for the simplest of shelter and comfort. The average allotment for 125 cases acted upon by the county board has been \$51.75 to supply families in most instances with shelter, household goods, clothing and food.

Second Checks Received.

A second check was received from national Red Cross headquarters Saturday morning for \$2,000, bringing the total to \$7,000 from this source. Only \$87 has been received from local contributions since Thursday.

## GOOD ATTENDANCE SUNDAY SERVICES OF FIRST BAPTIST

There was good attendance at all services at the First Baptist church yesterday. The main afternoon service was held at 3 o'clock, at which time Rev. Mr. Miller preached a splendid message on "A Pointed Message From the Lord to Those Who Have Left the First Love." Mrs. J. K. Wood played a violin solo, "Souvenir," by Dreda, accompanied by Mrs. Bietz at the organ. The male quartet, composed of Messrs. C. McClung, Harold Blankinship, S. K. Bietz and M. A. Spurgeon, sang "Remember Me, O Mighty One" by Kinkaid. The choir sang "Great and Marvelous" by T. W. Simpson.

There were 410 in Sunday school. C. C. Roberts gave the devotion in the adult department. Kenneth Wood gave the devotion in the young people's department. Mrs. W. C. Simpson gave the devotion in the children's department. Mrs. J. K. Wood's violin ensemble played in the intermediate department. Rev. Mr. Miller gave the devotion in the women's department.

A playlet, "Loving as Jesus Loved" was given in opening assembly of B. T. U. The characters were played by Mrs. W. C. Simpson, Doris Hagler, Betty Nell Crain and Leland Lee, Jr. The attendance was 98.

Dr. W. Douglas Hudgins is to do the preaching at Henry F. Wooten is to lead the singing in the revival services. These helpers will arrive today, and will have charge of the service this evening. The public is invited to the revival services which will be held at 10 a. m. and 8 p. m. each day for the next two weeks.

Corporation Court.

An unusually heavy docket greeted Judge A. H. Willie in the Corsicana corporation court Monday morning as a result of numerous petitions for liquidation of fifteen persons who were charged with intoxication, three with parking automobiles too near fire-plugs, one with intoxication and disturbing the peace, one with operating an automobile with a cut-out and only one headlight, one with an affray, one with speeding, and one with double parking.

Repairing Wall.

Work was started Monday morning on some repairs to the west wall of the Hardy-Peck building on South Main street, by Gene Allen, contractor. Loose bricks and crumbling masonry were being removed and the wall is to be strengthened.

## Large Part Of West Texas Gets Drenching Rain

ABILENE, Aug. 21.—(P)—Severe drought which had caused some deterioration of the cotton crop had been broken today over a large part of West Texas.

Abilene received .61 inch of rainfall this morning.

Amon, Stamford and Haskell, to the north, reported two inches in the past 48 hours. The Merkel section received a good rain.

Pre-precipitation last night at Colorado brought the total for three days to a half-inch. Westbrook, and Southern Mitchell county got heavy rain.

Other reported included: Sweetwater .15 inch today; Roby and Hot, two inches, creating the best crop conditions in many years in Frio county; Snyder, one inch; Winters, Wingate, Munday, Hamilton, showers; Jayton and Spur section, one to two inches.

Long creek had moisture bathed ranches of Northwestern Shackelford county, where stock water was being hauled.

## Mr. and Mrs. Bingham Have Returned From New Orleans Trip

Mr. and Mrs. Sanford Bingham returned Sunday from a one-week vacation trip with New Orleans as their destination.

En route they stopped in Houston to visit Mr. Bingham's sister, Mrs. J. D. Wells, then at Lake Charles, La., they visited her brother, C. O. Noble and family.

They spent two most delightful nights at Sleepy Breeze, Mr. Noble's lovely summer home on the shores of Big Lake, eighteen miles from Lake Charles.

At New Orleans they attended the national convention of rural letter carriers at which every state was represented.

Mr. and Mrs. Bingham were treated royally in the Crescent City, even the weather man did his part in contributing pleasant weather.

Washington, D. C., will be host city next year for the convention.

## The Decherds Will Leave Tuesday For Study In New York

Rev. and Mrs. Douglas Decherd, returned missionaries from Syria, who, with their interesting children, have been the guests for two weeks of their parents, Mr. and Mrs. W. M. Wilson, will leave Tuesday for New York where they will resume their studies for the winter.

Before going to New York, Mr. and Mrs. Decherd will visit their aunt and family, Dr. and Mrs. R. C. Whidden in Gainesville. Afterwards they will go to Elmhurst, Ill., the former pastorate of Rev. Decherd, before making a visit to Oberlin, Ohio, as guests of Mrs. Decherd's parents and family.

From Oberlin they will proceed to Pittsburgh, Pa., to attend a meeting of Board of Missions, U. S. A., and after two more weeks in Oberlin will arrive in New York about Sept. 15.

Rev. Decherd and family have enjoyed their visit to Corsicana and the talks, sermons, and programs they have so cheerfully contributed to the community. Their best wishes go with them in their chosen field of work.

## William M. Curtis Received Awards At Culver Academy

CULVER, Aug. 23.—(Sp.)—Among the students at the Culver Military Academy summer schools to receive awards at the graduation exercises this morning was William M. Curtis, 2112 West Fifth avenue, Corsicana. He received a medal for the second highest number of points scored in junior aquatic meets.

Mrs. Curtis was also awarded a medal for the 50-yard free style swim in the final naval-cavalry swimming meet held as a feature of the extensive commencement week program.

## ARMY AND NAVY GET NEARLY BILLION FOR NATIONAL DEFENSE

BIGGEST APPROPRIATION IN PEACETIME HISTORY IS GRANTED

WASHINGTON, Aug. 21.—(P)—The army and navy received from the 76th congress \$932,521,962, the biggest national defense fund in peacetime history.

The appropriations exceeded by \$21,870,500 last year's previous high of \$909,651,381.

The money will allow expansion of manpower and fighting equipment for the army and navy. In addition to granting the out-right appropriations, the legislators pushed the defense program past the billion-dollar mark by authorizing \$25,587,456 appropriation for improvement of army posts and by giving the navy permission to start construction of \$50,000,000 fleet of auxiliary vessels.

## NUDE HOUSEWIVES COOK FOR HUSBANDS AND CHILDREN WHO ATTEND NUDIST CONVENTION

SUNSHINE PARK, N. J., Aug. 21.—(P)—The aroma of boiling coffee and broiling bacon mingled with the scent of the tall pine trees at dawn today as nude housewives cooked breakfast for their hungry children and menfolk on the banks of the great Egg Harbor river at the opening of the sixth annual convention of the National Sunbathing Association.

More than 300 nudists from the east, south, and middlewest were expected to arrive at this nudist colony before the Rev. H. L. Boone offered the prayers this afternoon.

As the women went ahead with their culinary chores, the men tidied up the 2,000-acre tract.

Four policemen stood at the camp's single entrance gate to examine credentials of those who claimed to be convention delegates.

The guests ate, swam, pitched horseshoes and listened to speeches. The principal speech was by Elton R. Shaw of Washington, D. C., president of the national association. He told the delegates "bodily mystery and false modesty" were the "greatest incubators of evil."

## UNITED STATES, GREATEST OF FARMING NATIONS: IMPORTS BIG SUPPLY FARM PRODUCTS IN 1937

WASHINGTON, Aug. 21.—(P)—The rest of the world sold the United States farm products valued at \$1,539,239,000 in the 1937 fiscal year, the bureau of agricultural economics reported today.

This was an increase of nearly \$400,000,000 over the previous 12 months when the figure was \$1,140,727,000.

A similar compilation last week of farm exports for the same period showed a decline of about \$30,000,000 from last year to a total of \$732,839,000.

Imports of farm products classed as competitive with those produced in this country were valued at \$782,692,000 for the period ending June 30, 1937, compared with \$578,961,000 for 1935-36. These included meats, grains, sugar, wool, cotton and similar products.

The value of non-competitive agricultural imports, such as coffee, tea, bananas, spices and rubber, was \$662,228,000 compared with \$483,327,000 a year earlier.

The bureau said many of the imports gains "may be attributed almost entirely to the unusual droughts in the United States in 1934 and 1936 which reduced domestic supplies and raised prices."

## REV. MAGGART B. HOWELL AND MISS WILLIE FAYE UPCHURCH MARRIED SUNDAY AFTERNOON

The marriage of Miss Willie Faye Upchurch, daughter of Mr. and Mrs. T. B. Upchurch of Balzetta to Rev. Maggart B. Howell, son of Mr. and Mrs. B. T. Howell, of Teahuacana, took place at the Methodist church Sunday afternoon, Aug. 22 at 5:30 o'clock.

Dr. F. L. Gibbs, executive secretary of the board of Christian Education of the Methodist Protestant church, officiated at the ceremony.

The bride, who was given in marriage by her brother, Sam Upchurch, wore a white satin dress fashioned on princess lines, with sweeping skirt and long sleeves (trains) and a full, ruffled, thin buttons. The three-quarter length veil of tulle was held in place by a bandeau of lilies of the valley and she was carrying a cascade bouquet fashioned of white orchids and white gladioli.

The bride was attended by Miss Faye Griffin of Dallas as maid of honor, who wore peach embroidered marquisette; she carried a bouquet of talliesman roses and wore a bandeau of talliesman roses.

Two of the bridesmaids, Miss Eddie Vera Immon, and Miss Hazel Upchurch, a sister of the bride, wore pink and white. Miss Bobby Mae Howell, a sister of the bridegroom, blue lace, and Miss Ann Bradshaw, orchid lace. The bridesmaids carried bouquets of gladioli and wore bandeaux of gladioli.

The flower girl, Eleanor Delores Howell, little sister of the bridegroom, was clad in pale blue net, carrying a colonial bouquet, tied with blue ribbon and wearing a bandeau of small white asters.

Miss Champion was assisted in serving by Miss Novelle Ashton and Mrs. S. H. Washburn.

## Finé Baby Boy Born To the E. C. Rahms In Corpus Christi

Friends are in receipt of cards announcing the arrival of a baby boy born to Mr. and Mrs. E. C. Rahm of Corpus Christi.

The baby is as born Aug. 12, has been named Vernon Roy, and he tipped the scales at seven and a half pounds.

Mrs. Rahm, before her marriage, was Miss Letha Ferrell of this city, daughter of Mrs. E. H. Ferrell.

Mrs. Ferrell has been visiting in the home of her daughter for some weeks, and is a very proud grandmother, this being her first grandchild.

## NOT BRIGHT LIGHT DISTRICTS OF CITIES BUT RURAL SECTORS FURNISH MOST UNWED MOTHERS

DALLAS, Aug. 20.—(P)—Not from the crowded cities with all their bright lights, but from the rural districts come 75 per cent of the unwed mothers. Col. Mary Stillwell, retired Salvation Army leader, said today.

A rising tide of loose living, especially among younger women, can be stemmed only in "religion and the church," she declared.

"I used to think the girls had come to the cities to find the innocent prey of traps. Now I know that virtually all of them have fallen in their home communities and come to the city to hide their shame."

"Unmarried mothers differ greatly now from the class we used to get," she said. "Once they were from the underprivileged class. Now we have a thick sprinkling of high school graduates, college girls and even trained nurses."

## NUDE HOUSEWIVES COOK FOR HUSBANDS AND CHILDREN WHO ATTEND NUDIST CONVENTION

SUNSHINE PARK, N. J., Aug. 21.—(P)—The aroma of boiling coffee and broiling bacon mingled with the scent of the tall pine trees at dawn today as nude housewives cooked breakfast for their hungry children and menfolk on the banks of the great Egg Harbor river at the opening of the sixth annual convention of the National Sunbathing Association.

More than 300 nudists from the east, south, and middlewest were expected to arrive at this nudist colony before the Rev. H. L. Boone offered the prayers this afternoon.

As the women went ahead with their culinary chores, the men tidied up the 2,000-acre tract.

Four policemen stood at the camp's single entrance gate to examine credentials of those who claimed to be convention delegates.

The guests ate, swam, pitched horseshoes and listened to speeches. The principal speech was by Elton R. Shaw of Washington, D. C., president of the national association. He told the delegates "bodily mystery and false modesty" were the "greatest incubators of evil."

## UNITED STATES, GREATEST OF FARMING NATIONS: IMPORTS BIG SUPPLY FARM PRODUCTS IN 1937

WASHINGTON, Aug. 21.—(P)—The rest of the world sold the United States farm products valued at \$1,539,239,000 in the 1937 fiscal year, the bureau of agricultural economics reported today.

This was an increase of nearly \$400,000,000 over the previous 12 months when the figure was \$1,140,727,000.

A similar compilation last week of farm exports for the same period showed a decline of about \$30,000,000 from last year to a total of \$732,839,000.

Imports of farm products classed as competitive with those produced in this country were valued at \$782,692,000 for the period ending June 30, 1937, compared with \$578,961,000 for 1935-36. These included meats, grains, sugar, wool, cotton and similar products.

The value of non-competitive agricultural imports, such as coffee, tea, bananas, spices and rubber, was \$662,228,000 compared with \$483,327,000 a year earlier.

The bureau said many of the imports gains "may be attributed almost entirely to the unusual droughts in the United States in 1934 and 1936 which reduced domestic supplies and raised prices."

## REV. MAGGART B. HOWELL AND MISS WILLIE FAYE UPCHURCH MARRIED SUNDAY AFTERNOON

The marriage of Miss Willie Faye Upchurch, daughter of Mr. and Mrs. T. B. Upchurch of Balzetta to Rev. Maggart B. Howell, son of Mr. and Mrs. B. T. Howell, of Teahuacana, took place at the Methodist church Sunday afternoon, Aug. 22 at 5:30 o'clock.

Dr. F. L. Gibbs, executive secretary of the board of Christian Education of the Methodist Protestant church, officiated at the ceremony.

The bride, who was given in marriage by her brother, Sam Upchurch, wore a white satin dress fashioned on princess lines, with sweeping skirt and long sleeves (trains) and a full, ruffled, thin buttons. The three-quarter length veil of tulle was held in place by a bandeau of lilies of the valley and she was carrying a cascade bouquet fashioned of white orchids and white gladioli.

The bride was attended by Miss Faye Griffin of Dallas as maid of honor, who wore peach embroidered marquisette; she carried a bouquet of talliesman roses and wore a bandeau of talliesman roses.

Two of the bridesmaids, Miss Eddie Vera Immon, and Miss Hazel Upchurch, a sister of the bride, wore pink and white. Miss Bobby Mae Howell, a sister of the bridegroom, blue lace, and Miss Ann Bradshaw, orchid lace. The bridesmaids carried bouquets of gladioli and wore bandeaux of gladioli.

The flower girl, Eleanor Delores Howell, little sister of the bridegroom, was clad in pale blue net, carrying a colonial bouquet, tied with blue ribbon and wearing a bandeau of small white asters.

Miss Champion was assisted in serving by Miss Novelle Ashton and Mrs. S. H. Washburn.

## Chicago Student Nurse Raped And Beaten to Death

CHICAGO, Aug. 21.—(P)—Miss Anna Kuchta, 18, a student nurse at the Chicago hospital, on the South Side, was raped and slain, Police Captain John B. Prendergast said, by a man who crushed her skull with a brick early today.

Detectives said the slaying was similar to those of other women in Chicago in the last two years.

The killer, police said, fled through a fire escape window when Miss Kuchta, 25, was alone in the room to call Miss Kuchta after a rest period.

Miss Kuchta was found on the floor of the room, which was clad only with stockings and white shoes. Detectives said the killer had stuffed part of a pillow down the girl's throat. A bureau had been ransacked and a small radio was reported missing. A coroner's investigator said she had been raped.

**DISTURBING ABUNDANCE**

The nation is blessed with an abundant harvest this year. The experts forecast more than two and a half billion bushels of corn, 890,000,000 bushels of wheat and harvest in general 10 per cent above average. Strangely enough this abundance creates a problem. It is the old combination worry of distribution and prices. With the grains, the situation is not so puzzling. Other countries have short crops, so that this country's store can be disposed of with profit. The great trouble lies with the cotton. Other producing areas are having abundant cotton yields, too. In 1932-33, the American cotton crop was 14,405,000 bales, and the foreign crop 10,347,000. This year the American crop is expected to reach 15,593,000 bales and the foreign crop 19,500,000.

There is plenty of discussion for and against crop control, subsidies, loans, government purchases, and so on. Economists differ about the wisdom of these things. Politicians differ.

The innocent bystander marvels that abundance should be disastrous and wonders a little why the profit isn't just as great if you sell twice as much of something at half the price as when you sell half as much at twice the price.

There are uses for all cotton, somewhere in the world. Human beings and domestic livestock can eat most of that grain with benefit and profit. There ought to be some wise way of handling the rest, not beyond the power of America to find.

**CARRYING ON**

"The strikers were right—and wrong" says a line under a picture on the first page of News-Week. And without a doubt the employers were right—and wrong, as well. But striking and picketing, lockouts and violence don't produce anything the country might use. The automobiles, ice-boxes, steel rails and paring knives have to wait while capital and labor wrangle. All the warlike methods produce is bitterness—a bitterness hard and long to heal.

The difficulties should be settled over a table, even if it takes all summer, next winter and the summer after that. But meanwhile, let the work go on. War against poverty and unemployment is just as important as war against a foreign foe. It is won only by work, production, distribution of the things that people need. Lasting wealth for everyone and the good feeling which is wealth in itself are produced only by the amicable settlement arrived at by quiet and open-minded negotiations while the workers carry on.

The commander of the Japanese forces in North China has just given \$30,000 for relief in the areas devastated by Japanese bombs and machine guns. Human beings are strange creatures, even in the Orient.

Railroad lines, with 9,900 air-conditioned passenger cars in service, are smugly asking what their competitors in transport have to say about that. The air-conditioned bus will probably appear on the scene soon.

**THE HUMBLE MAN.**  
He did his daily croaky task  
And never thought of fame to ask  
A wreath or crown.  
He fancied fortune would not see  
A man so common place as he,  
As up and down  
The wheel of life he moved along.  
A member of the tolling throng.

It never once to him occurred  
His voice was one that should be heard  
Above the crowd;  
He lived his life from year to year  
As one who had an inward fear  
Of growing proud.

He missed among life's costlier things  
The bitterness that envy brings.  
The few red roses wound his door  
Did not create a wish for more.  
Content was he  
With everything which he possessed.

He kept his children warmly dressed  
As they could be  
And seemed quite happy with his lot  
Though fame and fortune saw him not.

**THE HOME VACATION.**

A series of articles by Florence Davies in the Detroit News on "Your Vacation in Detroit" proves so alluring to the casual reader who happens upon a few copies of that newspaper that his first feeling is a wish to pack up at once, gas the flivver and rush to the fair city of the straits so well depicted in the clear and attractive stories. There's the day of lazy picnic under the lovely trees of Belle Isle, Detroit's park-in-the-river; the strenuous day of going through the Ford plant at River Rouge; the pleasant exploration of the Canadian side of the river, including the charming little old church dating to days of the pioneer French; and the day of intensive study of the beauties of the ages at the Art Institute, to quote only a few.

But the reader's second thought is that there must be points of equal interest and beauty round about his own town. And so there are. There is not one city, town or hamlet in the whole country which does not offer twelve interesting vacation trips within the limits of a day's drive each. And the two Sundays of the fortnight might well be spent attending churches of one's own faith or others, far enough away to make attendance at worship take on the character of a pilgrimage.

In fact, a summer evening group of guests might well be entertained by listing the places near home which they've always heard about and never seen.

It's a broad and varied land we live in. Those who can travel should make the most of their opportunities. If those at home will pretend they are visitors from afar and look upon their native heath with a fresh eye, they will be amazed at the variety and beauty of the local points of interest.

**TAME PARTIES.**

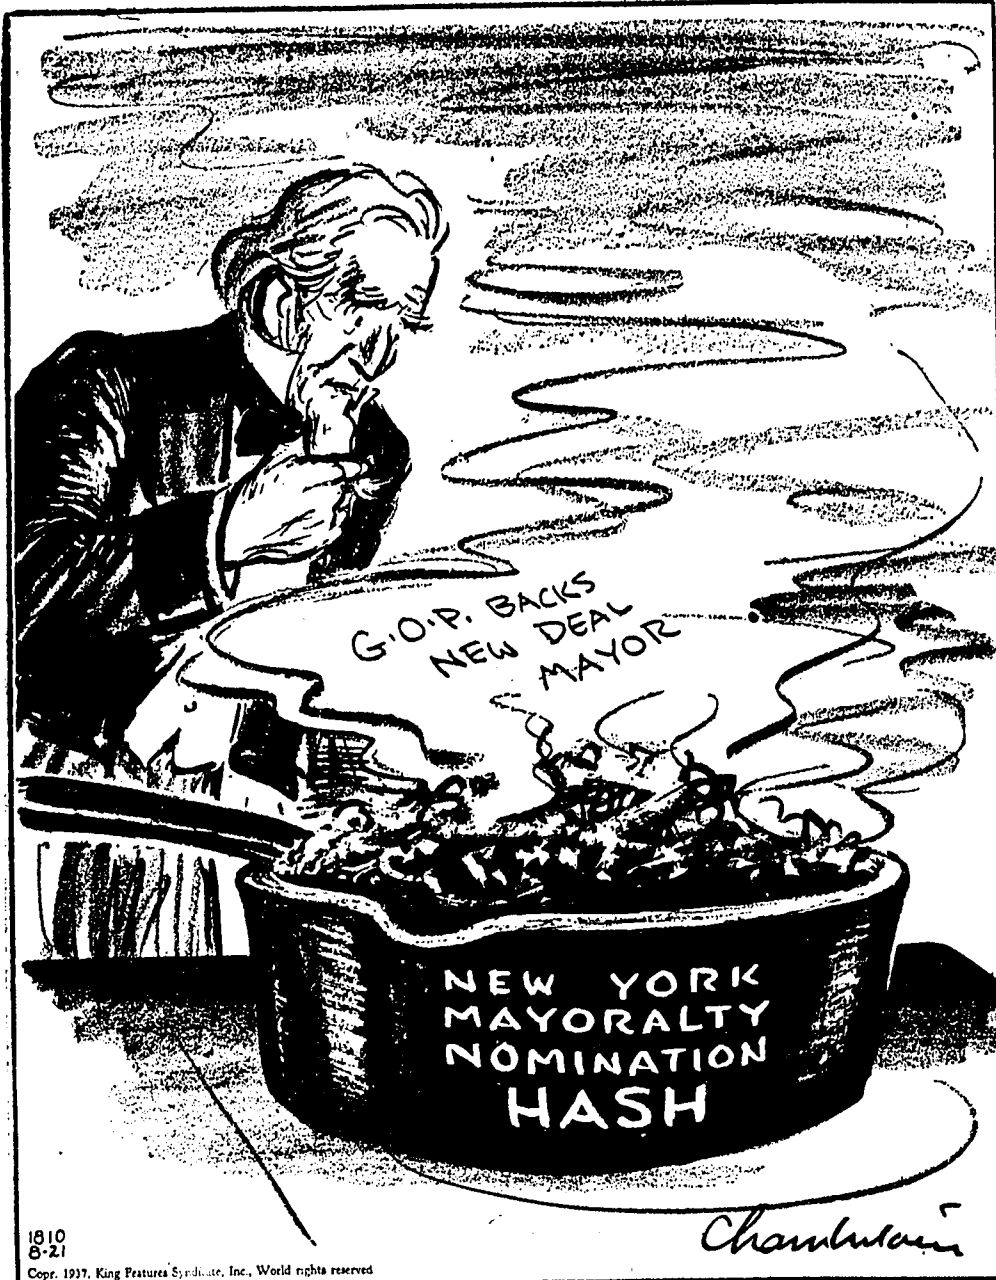

A newspaper movie critic who has been exploring Hollywood pretty thoroughly reports that the supposed wild parties there are non-existent so far as the actors are concerned. They have good times, but they don't carry their fun too far. They spend a fair share of the night sleeping. The fancy drinking is not excessive.

This isn't the Will Hays influence, says the reviewer. Nor is it caused by any wave of moral reform. It's just good sense. The actors who amount to anything aren't going to throw away their careers for the dubious joys of night life. The camera would soon show it if they did, for make-up couldn't conceal the fatigue. Work on a movie lot sometimes begins at an early hour that would horrify many a business man.

"One night with a glass in my hand and not much sleep," explains a star, "would slay me. I'd look as if I had suddenly put on ten or fifteen years, and how long do you think I'd last after that, particularly when five years is the 'life' of a star anyway?"

Youth and health and physical fitness for the day's work and play make a more powerful plea for decency than Mrs. Grundy.

The main job of any legislative body is licking legislation.

**INSURING PREACHERS**

The Rev. Alexander Mackie who administers the Presbyterian Ministers' Fund, one of the oldest insurance organizations in the world, says he does not have anything like the troubles faced by most insurance companies.

His overhead is small because he does not have to have any salesmen and has to investigate only about one of every 500 applicants. No policy is issued for more than \$35,000 and the average is about \$3,000. Then, he adds, "Clergymen live long, rarely commit suicide and darn few preachers are murdered by their wives."

This has a cheerful sound. And when one comes to think of it, really, few husbands in any trade or profession are murdered by their wives. This tolerance on the part of wives is especially strained on the mornings of breaking camp, when Father expects Mother to get 17 unrelated tasks done besides keeping the children from squabbling and then he gives vent to his own concentration and difficulty with an unfamiliar job by telling her for goodness sake to keep out of the way, women aren't any good at camping anyhow.

This has been known to happen even in the families of preachers. But the wife remains philosophic. She may sputter a bit, but well knows that taking the blame for what other folks don't know is part of her job. So when the last strap is buckled and the last noisy small boy fitted into the back seat, she takes her place beside her husband and is off for another pleasant day.

Sure preachers are good insurance risks. And so are most other folks, when it's looked at that way. Darned few of us, on the whole, get murdered by our wives!

The soy bean has more disguises than the late Lon Chaney. Now the Japanese are using its dried stem to make a rayon yarn, and a \$10,000,000 pulp mill being built by the South Manchurian Railway will use soy bean stems exclusively.

It was a tough summer for British sports. They lost the Ryder golf cup, the Davis tennis cup and failed to recapture the America's yacht cup. If they're still grinning, they're sports indeed.

**MRS. W. M. BERRY OF KERENS BURIED THERE WEDNESDAY**

KERENS, Aug. 20.—(Spl.)—Mrs. W. H. Berry, who has been critically ill several weeks, passed away at her home in Kerens early Wednesday morning. Mrs. Berry was, before her marriage, Miss Annie Laura Cook of Prairie county, Ark. She was born on Jan. 3, 1864. Married to Rev. W. H. Berry in Oklahoma on March 1, 1882.

To this union were born ten children, four of whom passed on in early childhood. Of the remaining six children, all live in Kerens except one daughter, Mrs. George Evans, who now resides in Lubbock. They were all present for the funeral, which took place at the home at 6 p. m. Wednesday, Aug. 18. Services were conducted by Rev. Billy Everheart, newly ordained preacher, son of Rev. Joe Everheart, pastor of the Presbyterian church of Kerens, assisted by Rev. W. N. Wilkins of the Methodist church, and Rev. M. O. Cheek, Baptist pastor.

The surviving children are Mrs. John Anderson, Mrs. Ben R. Miller, Mrs. Earl McClung, Mrs. John Holland, Albert Berry, and Mrs. George Evans. Surviving also are nine grandchildren and two great-grandchildren; three brothers of Oklahoma City; one stepdaughter, Mrs. Ben McKnight, of Ferris, and numerous other relatives and friends, who mourn her passing.

To know her was to love her, and no greater eulogy can be paid than to say she was a consecrated Christian and a devoted mother. The large number of floral tributes testified in part to the esteem in which this dear lady was held.

Among the out of town people at the funeral were Mrs. M. H. Miller, Mrs. Tom Blankenship, and Mrs. Bruno Marconi of Ferris; Mrs. Toby Counts and Mrs. R. N. Apitz of Trinidad; Mrs. Lucille and daughter, Mary, Lucille and Louella of Malakoff; Mrs. Genie Pauline Denton, Mrs. W. W. Spencer, Mr. and Mrs. Manly McGuffee and son, George Thomas, and Tom Davis Evans, all of Athens, and Mrs. Clem England of Houston.

**COTTON PICKERS IN GREAT DEMAND OVER NAVARRO COUNTY**

Attention, all Merchants and Business Men:  
Please direct all transient labor, especially cotton pickers, who come in from other counties, to the office of the state employment service in the basement of the post office.

There is urgent demand for cotton pickers and the state employment service is in position to immediately direct all labor desiring to pick cotton to farmers who need them.

There is especial need for families who want to move out to farms and live farms during the cotton picking season. Full particulars as to location, cotton, and means of housing will be given.

**Miss Lida Lee Was Party Honoree On Ninetieth Birthday**

Miss Lida Lee was honoree of a lovely al fresco party on the occasion of her ninetieth birthday given by Mrs. Jack D. Weaver, at her home, 633 West Collin St., Thursday afternoon. Between thirty and thirty-five friends and admirers of "Miss Lida" called, brought gifts and expressions of love and good wishes.

Mrs. J. A. Sanders read a poem of good wishes to her and Leland Lee sang "Little Old Lady."

Mrs. Weaver had converted her lawn into a beautiful outdoor living room. With a background of growing ferns, and other evergreens she had arranged small tables on which were placed baskets and bowls of bright colored flowers.

One table was reserved for the numerous gifts Miss Lida received. It was centered with a bouquet of pure white lilies, tokens of a life of purity, and was the gift from Perry McCammon, a life-long friend of Miss Lida's.

**Birthday Cake.**  
A long table laid with a white lace cloth and decorated with flowers was centered by the one tier birthday cake resting on a reflector.

The cake was the gift of Mrs. Fred Skelton. It was iced in white and decorated with pink rosebuds. On it were placed sixteen pink candles in pink rose bud holders and topped with a greeting "Happy Birthday" also done in pink.

Mrs. Weaver was assisted by her daughter, Mrs. Parker; Mrs. R. N. Riley and Miss Minnie McMillan in receiving and serving the guests. Rev. and Mrs. H. J. Ellis, who have been out of the city since February, were noticed among the callers.

The hostess served punch and cake through out the calling hours.

**SAYS WEST TEXAS SOIL WILL GROW MOST ANYTHING**

ABILENE, Aug. 20.—(P)—R. W. (Bob) Hill, 54-year-old Taylor county farmer, contends the West Texas soil is capable of producing "just about anything," and as proof points to his 680-acre farm near Lake Abilene.

His cotton acreage, with a heavy crop reaching maturity, was badly eroded when he acquired the land, he said, but traced it to conserve soil and moisture and through the years its strength gradually has been restored.

Hill's pride, however, is a 35-acre orchard and five acres of peaches. Among his fruit trees are 85 early Wheelers that produced 120 bushels of peaches in June, the better trees yielding four and one-half bushels each. Raising fruit, he said, "is like running chickens or livestock. We put out about 200 new trees yearly."

Fifteen acres of his place grow 100 varieties of grapes, the main crop being gathered between Aug. 15 and Sept. 15. His best seller, he said, is the Cameron, although the Goethe is popular. His yield this year will be large and the quality above average, he said. Grapes are selling in the field from 75 cents to \$1 a bushel.

"One of the essentials in successful production of grapes is to prune the vines yearly and keep the soil properly cultivated," he said. Several wagonloads of vines are hauled from the field each winter.

## FORMER CORSICANAN MAKING EFFORTS TO CLEAR AWAY STATIC

A campaign, international in scope, to reduce "man-made" static, has been started by Frank L. Carter, radio amateur and service manager for a large radio concern in East Rockaway, New York, son of Mr. and Mrs. W. A. Carter, 1422 West Seventh avenue. He is the originator of the "National Association for the Prevention of Radio Interference," and is chairman of the organization. Through its work, much already has been done to reduce static in home radios in New York, which are caused by defective electrical appliances, "sizzling" insulators on railroads and forms of electrical transmission that cause extraneous noises in radios.

Mr. Carter has enlisted the aid of newspapers and trade magazines to further the end toward which he is working, and his efforts have been rewarded.

One railroad company has cleared up its transmission lines and a bill has been introduced in the Pennsylvania legislature to make it illegal to own or operate any device that is not filtered against radio interference. Inquiries have been received by Mr. Carter from Colorado and Washington where similar bills may be introduced. The Oklahoma legislature has taken similar action, and the Territory of Hawaii which already has a measure to control radio interference, is attempting to strengthen its statute.

Mr. and Mrs. Carter have a number of clippings from their son from Northern and Eastern newspapers and radio magazines, explaining his work, and telling of the results already achieved. Among the clippings are an editorial from the Nassau Daily Star of April 2, an editorial by Hugo Gernsback, editor of "Radio-Craft," and numerous other allied magazines and a discussion of the subject written by Ted Rogers in the April 24 edition of the New York World-Telegram.

## Connally Urges Senate Approve Ten Cent Loan

WASHINGTON, Aug. 21.—(P)—Senator Connally (D-Texas) asked the senate today to approve a resolution directing federal loans of ten cents a pound on cotton.

The measure would take away from Secretary Wallace, who has expressed favor for a nine-cent loan, all discretion in setting the amount of the federal aid.

Connally urged the senate to go on record in favor of the larger figure.

The loans, part of a program to assist producers a net return of 12 cents a pound, would supplement bounty payments which the senate approved yesterday.

Connally said the cotton farmers face an emergency, "but if he does not return soon a lot of cotton farmers will have to go on an economic vacation."

Connally told the senate cotton prices declined further yesterday.

## SENATORS ANSWER GUFFEY ATTACK ON THEM LAST NIGHT

WHEELER DECLARES PENNSYLVANIAN DID NOT WRITE ADDRESS HE MADE

WASHINGTON, Aug. 21.—(P)—Senators Wheeler (D-Mont.) and O'Mahoney (D-Wyo.) shouted defiance in the senate today of threats from Senator Guffey (D-Pa.) to defeat them and called for removal of the Pennsylvania as head of the Democratic senatorial campaign committee.

The two senators, who opposed the Roosevelt court bill, took the senate floor at the outset of today's session to reply to the speech last night by Guffey.

The Pennsylvania senator sat quietly while Wheeler and O'Mahoney turned toward him, shouting their wrathful denunciations. He smiled when Wheeler promised to invade Pennsylvania to campaign against him for election as governor.

O'Mahoney interrupted Wheeler to assert that if he had the power he would not change a word, or a line or a vote of record. In ringing voice, he told Guffey that Guffey had not harmed the senators he had mentioned, but the Democratic party.

O'Mahoney turning to face Guffey, shouted at him: "The sooner we get that man removed from the position he occupies now, the better it will be for the Democratic party."

Says Did Not Write Speech. Wheeler had obtained the senate floor as soon as a quorum was assembled. He started off by asserting that Guffey had not written the speech he delivered on the radio, and that he was "afraid" to deliver the speech on the senate floor.

Wheeler won the floor to reply to Guffey despite a point of order raised by Senator LaFollette (Prog-Wis.). By a voice vote the senate shouted down the objection and permitted Wheeler to proceed.

Wheeler's remarks on the floor came while a quiet movement was underway unofficially to depose Guffey from the chairmanship of the Democratic senatorial campaign committee.

His demand that senators who opposed President Roosevelt's court reorganization be defeated aroused bitter feeling in the ranks of the opponents, and precipitated one of the most explosive political situations this session has known—just a few hours before adjournment time.

Although the movement were not ready to talk for quotation, they said they would insist upon removal of Guffey from leadership of the committee set up to aid election of Democratic senators.

Highly Indignant. Opponents of the president's court reorganization plan were highly indignant over Guffey's unprecedented speech last night in which he called specifically for the defeat of Senators Burke (D-Neb.) and O'Mahoney (D-Wyo.).

He also named Senator Wheeler (D-Mont.) in the speech. Wheeler was a principal leader of the court bill opposition.

He flatly predicted the defeat of O'Mahoney and Burke and said Wheeler would have "plenty of time" in the way of explaining before 1940.

Burke, a leader of the bill's opponents, commented: "When Senator Guffey announces that he is going to see to it that we are defeated, we are not going to let him do it."

Burke and Burke are retired, I assume he speaks in the double capacity of chairman of the Democratic senatorial committee and White House spokesman.

"If that is true, we might just as well forget Jefferson Island and harmony dinners and get ready for a real battle."

There was an immediate comment from others, but many opponents of the bill openly were angry.

Guffey's speech was in sharp contrast with recent statements by Democratic chairmen, Henry A. Farley, that there would be no reprisals for opposition to the court plan.

Coupled with a statement from John L. McClellan, the majority leader of Democratic leaders to carry out their program it aroused renewed speculation on a possible new political alignment by 1940.

Guffey, in his speech last night, intimated the battle for the court bill was not over, despite the administration's defeat in the session now closing.

There will be other congresses—congresses which will not come to Washington and function here under the supposition that black robes make Gods of men," he said.

## WIFE OF ALABAMA GOVERNOR NAMED AS BLACK'S SUCCESSOR

WASHINGTON, Aug. 20.—(P)—Mrs. Dixie Graves, wife of Governor Bibb Graves of Alabama, took last night's office today as the successor in the senate of Senator Black, recently appointed to the supreme court.

She was sworn on the senate floor as the fourth woman to hold a seat in that body. She was chosen for the senate. The only feminine member this year has been Mrs. Hattie Caraway of Arkansas.

The new senator enjoys flying. She has read, particularly mystery stories.

Speech-making has no terror for her, although it's not a favorite sport.

She said that she plans to make a further study of social questions such as social security and better housing, before congress convenes next January.

## State Education Board Again Sets Per Capita at \$22

AUSTIN, Aug. 20.—(P)—The state board of education today voted again to set the per capita scholastic apportionment for next year at \$22.

The action was the latest in the row over what the state should contribute to the upkeep of its free school system and what the ad valorem tax for school purposes should be.

The board first voted 8 to 3, to reconsider its decision several weeks ago fixing the apportionment at \$22 and then by unanimous vote re-set it at the same figure.

The peculiar procedure seemed to be based on a statement reported to have been made by Comptroller George Sheppard in a court hearing at San Antonio that funds would be available to pay a \$22 apportionment if business conditions continued to improve and the legislature did not limit school revenues.

The meeting was called by six members of the board, including Ben P. Tinsley of Dallas who contended the board acted illegally in setting the apportionment the first time before the state automatic tax board had decided on the rate of the ad valorem tax.

Shortly after the \$22 apportionment had been ordered. The latter board voted to cut the tax for school purposes from the current rate of 20 cents to the \$100 valuation to seven cents.

At that time, experts of the comptroller's department testified the seven cent rate would sustain an apportionment of approximately \$20, and school would retain retention of the 20-cent levy.

Meanwhile, the department of Education announced release of the final payment of the current per capita apportionment of \$19 for 1937-38 would be in October and probably for \$3 per capita.

The warrants were withheld from four counties because of no depository bond, and from some other counties and independent school districts because of failure to file either the treasurer's annual statement or school fund or the superintendent's annual reports, as required by law.

## Johnson Again Urges Action On Cotton Loans

WASHINGTON, Aug. 20.—(P)—Representative Luther A. Johnson, Corsicanan, Texas, urged in the house today that government make loans to cotton farmers immediately to forestall a further drop in the market price.

"It was a week ago today that the administration agreed to help the cotton farmers by making loans to forestall a further drop in the market price."

"I guess I just want haywire." Illness had prevented him from working recently.

Mr. and Mrs. George Strate called at the Warner home. They found Warner in a store room, dazed from five wounds in his head.

Strate said Warner immediately informed him: "I guess I went haywire and killed my family this morning."

Brown asserted the wounds resulted from Warner's crude attempt to take his own life by letting the axe fall on his head.

## Luke Trammel, Guard Killer, Dies In Chair

HUNTSVILLE, Aug. 20.—(P)—Luke Trammel, 27, farm hand turned criminal, died in the state electric chair today for killing Guard Willis Smith during a break from Retrieve prison farm a year ago.

Several hours before his death Trammel said: "I didn't think the parole board of Texas and the governor of Texas would see a man executed on such evidence."

Shortly after midnight, a minute from death, Trammel said he "was ready to go."

Trammel repeatedly had claimed one-eyed Forest Gibson, Limestone county convict, actually fired the shot that killed the guard. Gibson is serving 60 years for the slaying. The parole board refused to save Trammel from the chair.

Trammel had worked on a Coleman county farm before he was convicted on the first of several crimes ranging from that to murder. Against him were sentences totaling 162 years.

der of Black's term, which ends in January, 1939.

The governor announced he chose his wife not only because she is "best-fitted" but because he did not want to give any candidate for the nomination an advantage.

Mrs. Graves will be paid at the rate of \$10,000 a year, almost twice as much as her husband's \$6,000 salary.

She is the fourth woman ever chosen for the senate. The only feminine member this year has been Mrs. Hattie Caraway of Arkansas.

The new senator enjoys flying. She has read, particularly mystery stories.

Speech-making has no terror for her, although it's not a favorite sport.

## SUGAR BILL SENT TO WHITE HOUSE; FATE IS UNKNOWN

WASHINGTON, Aug. 20.—(P)—House acceptance of a revamped sugar control bill today sent the converted legislation to the White House to an uncertain fate.

The measure, which came before both bodies in a conference report was approved by the senate yesterday.

It carried a provision restricting refined sugar imports from Hawaii and Puerto Rico during the first 26 months of the three-year bill, designed to replace the expiring sugar production and marketing stabilization law.

Several weeks ago President Roosevelt indicated he would not accept a measure with restrictions on refined shipments from the island possessions on the ground they would be "discriminatory."

Sponsor said they believed that provision for lifting the restrictions March 1, 1940 would win presidential approval for the measure.

The measure was accepted by a standing vote of 198 to 23, indicating, sponsors said, that it could be passed in the house over a presidential veto.

Major features of the bill include:

Division of the domestic market among various producing areas—United States, Hawaii, Puerto Rico, Cuba, Philippine Islands, Virgin Islands and other foreign countries.

Limitation on refined sugar imports.

A tax of 50 cents a hundred pounds on raw sugar to finance benefit payments to growers who complied with crop control and other regulations. Sponsors estimated the tax would raise \$70,000,000 annually, or \$20,000,000 more than necessary for benefit payments.

The raw sugar quota system would expire December 31, 1944, while the refined quotas would expire March 1, 1940, unless congress voted otherwise in the meantime.

## Husband Admits Killing Wife And Three Children

HUTCHINSON, Kas., Aug. 20.—(P)—The "haywire" slayings of Mrs. Eugene Paul Warner and her three children—battered to death with a double-bladed axe while they slept—were planned on the husband today by County Attorney Wesley E. Brown.

Warner, a 31-year-old oil field worker, was quoted by the prosecutor as admitting he stole into the bedrooms yesterday and committed the crimes, explaining: "I guess I just went haywire."

Illness had prevented him from working recently.

Mr. and Mrs. George Strate called at the Warner home. They found Warner in a store room, dazed from five wounds in his head.

Strate said Warner immediately informed him: "I guess I went haywire and killed my family this morning."

Brown asserted the wounds resulted from Warner's crude attempt to take his own life by letting the axe fall on his head.

By EDNA KENT FORBES—Miss Forbes' column follows must be accompanied by a fully self-addressed, stamped envelope (a.s.e.) and two cents in stamps to cover cost of printing and handling. For the illustrated pamphlet, "BEAUTY," ten cents in stamps and fully a.s.e. must be enclosed. Address Miss Forbes in care of this paper.

## REJUVENATION

### THE ETERNAL PROBLEM

Woman's eternal problem is how to keep young. Miss Forbes is the best expert you can find to tell you how to accomplish this modern miracle.

There are so many things you can do to rejuvenate an old face or to refresh a tired one! Let's try some of the simpler methods today, and see how effective they are. Let us begin with the simplest of all—cold cream and hot water.

You use the cream before and after—that is the secret, as far as this simple process has any secret. This E. K. Forbes prevents the heat drying the skin and it will stop any tendency of the pores to "relax," and to contract—the only objection any beauty shop can have to this method. So, you use the cleansing cream first, and wipe all the surface cream off with tissues. Then you use the hot water, holding face cloths, steamy and refreshing against your face. After the skin is flushed red, you use a thick cream. The skin now is ready to absorb quite a lot of this nourishment.

You can spend a little more money and buy yourself either a cream or an oily liquid for circulation. Both of them sting and sometimes they will make the tears come to your eyes. But they flush the skin quickly, instantly, and they have the advantage of doing their work while you do something else. Put some on your face as you step into your tub, and let it stay on while you bathe. Remove with cleansing cream or oil at the end of the bath and your face is rosy and young looking and ready to make-up for the day or evening. These are not so expensive, a dollar's worth lasts you a long time.

Again, there is massage, but this does take time. How much lasting good face massage does is a puzzle, probably very little. But it will flush the skin and it will take away, for the time, tired lines. Personally, I think that the electric vibrator does more good in ten minutes than hand massage for half an hour.

Mrs. H. F.—You should get "Oil of Cade" in most drug stores. If your own druggist does not have it, he will be able to get it for you from his wholesale house.

Mrs. G.—There are some brands of lipsticks that will do in place of a rouge. These would be a bit creamy, and a suitable shade of red. A deep shade of rose will be adaptable to your needs.

H. F.—There is no reason why you should not use olive oil in place of the sweet almond oil in making up your eyes. Sweet almond oil is always dependable as a very fine quality of oil, while olive oil may vary, there being a number of grades.

Dr. William T. Shell, Jr., city health officer, announced Saturday morning that Corsicana had been clear of infantile paralysis for nearly six weeks, and he had authorized the re-opening of Sunday schools tomorrow morning. According to records kept of the cases in the city limits, the last case was quarantined on July 13, and the quarantine was removed on August 2. Since that time no additional cases have been reported in the city.

The last case of the disease in the county, outside the city limits of Corsicana, was quarantined on July 9, and the quarantine was removed July 27. No additional cases have been reported in the county since that time.

## "Unloaded" Rifle Kills Small Child

DENISON, Aug. 21.—(AP)—A rifle which children thought was unloaded was discharged yesterday, killing Avis Winifred Gildewell, of the Bells community. Justice of the Peace E. A. Wright, who returned a verdict of accidental death, said he was informed that the boy held the barrel against his body and told his brother, Kenneth, to pull the trigger. The children were alone at home while the parents were picking cotton.

## FAMED CIRCUS OF GAINESVILLE FACES FLOOD DAMAGE

GAINESVILLE, Aug. 23.—(P)—The big top of the famed Gainesville community circus and costly commercial exhibits at the Cooke County Fair were menaced today as heavy rain continued.

Elm creek was flowing level over the dam in Leonard park, at the fair grounds, but had several feet to go before overflowing into the western part of the city. Three and a half inches of rain since Sunday morning had brought high water, aggravated by a four-inch rain last week. Traffic was becoming hazardous over the detour through the park on highway No. 77, where a new bridge was under construction.

The fair was scheduled to open today. A carnival train which arrived during the night remained on a siding today, awaiting a letup in precipitation before unloading. A crew of men was working to save the circus big top. Commercial exhibits were in the fair park auditorium, which fair officials feared, would be threatened should the creek overflow as it has done on several occasions.

that Italian reinforcements had arrived there.

Bitter fighting raged on the Aragon front. Government troops reported they had repulsed with machine guns, grenades and artillery fire an insurgent attack. Madrid reported government forces had routed insurgents at Oreneda, blasted insurgent tanks with hand grenades and sent enemy infantry fleeing.

The government was preparing for a new offensive against insurgents who have held siege over Madrid for months.

## British Steamer Attacked

MARSEILLES, Aug. 23.—(P)—The British steamer Moen Julia was attacked today that she was being bombed by two airplanes off Ajaccio, the capital of Corsica, in the western Mediterranean.

The ship, listed as being 2,490 tons, is owned by the Noemijula (CQ) Steamship company of London. It was sailing near the waters of civil war-torn Spain where several bombings and torpedoings of commercial vessels have occurred lately.

## Find 3,000 Bodies In Lake

MADRID, Aug. 23.—(P)—Spanish government officials said they discovered more than 3,000 bodies when they drained a lake today in the eastern section of the city, near the Caca de Campo park. Most of the bodies, they said, were of Moorish insurgent troops who died when an attack on government positions were repulsed last November.

## Subs Attack Warships

HENDAYE, Franco-Spanish frontier, Aug. 23.—(P)—Spanish warships of unknown nationality attacked two of Generalissimo Francisco Franco's warships in the Bay of Biscay today. Insurgent officers said neither ship was damaged.

## Monkeys Are Guinea Pigs In War Against Paralysis

By HOWARD W. BLAKESLEE

AP Science Editor

PALO ALTO, Calif. (P)—Two Stanford University scientists propose a new nasal spray to curb the outbreak of infantile paralysis which has been moving in mild form northeastward from Texas through Ohio and Kentucky.

Nasal sprays two years ago proved to be a complete protection against monkeys catching the disease. One of these sprays, plicic acid, notable in wartime explosives, was tried on human beings in Alabama last summer.

The experiment showed that a layman cannot well protect himself by spraying with an atomizer. Medical skill was needed to place the spray in exactly the right spot. More effective sprays were also sought and this the Californians report they have apparently discovered.

Anesthetic Used. The new spray is zinc sulphate. It is familiar as an eye wash. But for infantile paralysis prevention it is given in a concentrated form.

## Infantile Paralysis Cases up 200%

WASHINGTON (P)—Infantile paralysis cases are up more than 200 per cent from last year, the U. S. public health service reports.

Total number of cases in 10 representative states during the week ended July 31 was 261, compared with only 44 cases in the same states during the corresponding week of 1936.

Public health service surgeons said, however, that the figures did not indicate an epidemic of the disease.

There is usually an increase in the incidence of infantile paralysis during August and September, they said, "and apparently the seasonal rise has started somewhat earlier than usual."

Stratification unless a local anesthetic is used. The California, E. W. Schultz, M. D., and L. P. Bebbard, report they have now found an anesthetic, pontocaine, which does not harm the spray.

The plicic acid used last summer they found to afford continued protection for a month after spraying. But the zinc sulphate on rhesus monkeys has

MONKEYS SUBMIT TO THIS -- Experiments on monkeys demonstrate that infantile paralysis attacks only through the nose.

SO LITTLE BOYS WON'T GO THROUGH THIS Only immediate hope of preventing other children from suffering like this boy from infantile paralysis is through use of nose sprays.

remained effective two and sometimes three months.

"The remarkable protection," they report, "in animals suggests the desirability of carrying the investigation over to man. We say 'investigation' advisedly, for it does not necessarily follow that the results which have been obtained in monkeys apply equally to man."

## Attacks Through Nerves

Nose sprays offer at present the only scientific hope of preventing this child scourge. In monkeys it has been demonstrated completely that the paralysis attacks only through the nose. It enters through the nerves of smell, whose endings, tiny "hairs" are the only exposed nerves of the body.

Physicians regard it as almost certain that human beings also catch the paralysis only through these same nerves.

The disease is known to travel in the nerves, and to affect only nerves. This is the reason why immune serum is not always an effective preventive. The serum has to be given in the blood. It causes formation of protective substances, antibodies, but they do not get into the nerves, or at least not quickly enough.

## CLEAN FURNACE SHAKER BRINGS MURDER ADMISSION

WASHINGTON, Aug. 23.—(P)—

A clean shaker on a dirty furnace led today to what Detective Captain Ira Keck said was a confession in the killing of Mrs. Henrietta Anderson, 39-year-old government clerk.

Keck said a 70-year-old negro janitor, Major McAfee, had signed a statement that he crushed Mrs. Anderson's head with the heavy iron shaker "because he was jealous of her."

After the slaying, Keck said, McAfee washed the shaker with kerosene and hot water and restored it to the furnace. Its spic-and-span appearance aroused the suspicion of investigators, who questioned the negro until he confessed. He was charged with murder.

The body of Mrs. Anderson, brunt widow and mother of three children, was discovered in her apartment yesterday.

## Reported Signals Heard From Missing Soviet Polar Fliers

BARROW, Alaska, Aug. 23.—(P)—

Reports from Moscow that radio signals on the wave length of Sigmund Levanefsky's missing transpolar plane had been heard spurred rescue fliers, grounded yesterday by fog, to new efforts today in search for the six lost adventurers.

The signals, heard yesterday, could not be interpreted but Soviet officials asked Northern Russian stations to broadcast rescue plans in an effort to encourage the fliers if they are stranded in some isolated Arctic point.

In this far northern outpost belief began to grow today the missing ship will be found somewhere in Alaska. It disappeared a week ago Friday on a 4,000-mile flight here from Moscow.

Jimmie Mattern, ace American flier; Bob Randall, Canadian, and Pilot Zedkoff, Russian flier, watched weather reports, impatient to take to the air again to resume their search.

## FEELING SUBSIDES OVER ATTACK UPON EAST TEXAS COUPLE

LONGVIEW, Aug. 23.—(P)—A

threat of violence had subsided today as East Texas officers continued a search for two negroes reported by a married couple to have held them up, criminally assaulted the wife, and robbed the husband.

Officers said the couple was on route to Arkansas yesterday when the negroes, overtook them and bumped into their auto, firing when the husband drove faster.

When the white man stopped his machine, the negroes entered the car, forcing him to drive to a side road where the robbery and assault took place, officers said. The husband lost \$144 and a watch. The negroes returned the couple to their car on the highway, released them and sped away.

Officers questioned a number of negroes in the night, but reported none was connected with the case.

## Seven Men Escape From Hunt County Jail Last Night

GREENVILLE, Aug. 23.—(P)—

North Texas officers today sought six or seven men who overpowered an officer to escape the Hunt County jail. The fugitives were believed unarmed.

Among them were Harlin S. Lind, Alfred J. Crowe, and Mack Herman, previously held in connection with the burglary of a County Jail department store, and Evelett Jones, Pat Adams, and Therman Route, all charged with auto theft.

The seventh, Albert Giles of Kansas City, under seven years sentence for burglary of the Commerce store, was recaptured shortly after the carefully executed escape last night, by Buddy Wolfe, son of Sheriff Frank Wolfe.

A truck driver, Hillard Brown, fought the six off when they attempted to take his automobile, and they fled about.

Giles told how the seven used razor blades and scissors to cut a hole in the east wall of the bull pen of the jail to a compartment about two and a half feet wide, and a half foot high.

Six of the men, Giles related, squeezed through the hole and the seventh, called to the jailer that they had dropped a pillow through the iron barred top of the room.

When Jailer George McAllister entered the compartment from the outside the man grabbed him, took his keys, locked him in, and let themselves out through four floors to the street.

## Trio of Plainview Youth Have Narrow Escape From Death

HALE CENTER, Aug. 23.—(P)—

Three Plainview youths brushed elbows with death last night in an automobile accident on Highway No. 9 north of here.

A coach occupied by Raymond and Wilton Wilkes and Ralph Balingier turned upside down as it plunged into a lake.

A passing motorist, who witnessed the accident, waded into the lake and opened a door to the coach, releasing the occupants as water crept within a few inches of the floor boards. They suffered minor cuts and bruises and a chilly ducking.

## Companion of Killer Held as Witness

NEWTON, Mass., Aug. 23.—(P)—

Holding a pretty 17-year-old girl as material witness, police today pressed a house-to-house search for her gunman companion who slew one policeman and critically wounded another.

The girl, booked as Miss Frances W. Frada of Cambridge, Mass., told questioners, District Attorney Warren L. Bishop said, that she met the unidentified slayer in a cafe and accepted his invitation to go for a ride.

The gunman shot Patrolman Henry Bell, 27, and Lawrence Murphy, 31, after they stopped him for a minor violation of the automobile laws.

## CONTROVERSY STILL CONTINUES RESULT RANGERS IN DALLAS

AUSTIN, Aug. 23.—(P)—

Although voicing approval of Governor Allred's determination to prevent mob violence in Dallas, and promising co-operation, Mayor George Sprague today had taken exception to a statement that "nothing had been done" about the situation before state officers arrived.

"Men have been kidnapped and beaten, and one was tarred and feathered, and nothing was done about it until state officers stepped in," the governor said in a statement. "I do not intend for this practice to start in Texas again."

"I believe Chief of Police Bob Jones can show where he had the guilty men just about cornered," said the mayor.

This, said Chief Jones, was true, and the grand jury now have the facts before it.

"Now that the rangers are here, we are very glad to lend them our full co-operation, and every assistance in this matter, just as we always have when they have been here before," said City Manager Mosely.

The governor's statement was in reply to telegrams of criticism of his action in sending rangers to the Dallas millinery strike front, received from a number of Dallas residents.

## Slayer Search Ends When Farmer Found Fatally Wounded

BARTLETT, Aug. 23.—(P)—

An all-night search for Edwin Dusek, 40, after the slaying of his wife, ended at dawn today when officers and bloodhounds came upon him fatally wounded near here.

Peace Justice J. W. Carlisle returned a verdict that the farmer's death was from a self-inflicted pistol bullet wound.

Dusek's estranged wife, Mrs. Myrtle Dusek, 35, was shot to death last night as she sat on the porch at the home of her parents, Mr. and Mrs. T. J. Hunt of the Science Hill community.

The slayer slipped up in the darkness and fired three shots, then disappeared.

Sheriff John R. Bigham of Belton organized a posse. Bigham

## ATTACKED

(Continued From Page One.)

Miss Swanson, who is night superintendent of nurses at the Jefferson Park Hospital, was slashed on the chest, arms and left side. She said she was aroused by a noise in the nurses' lounge on the first floor of the hospital. The man threw a pillow over her face and remarked: "Keep quiet or I'll give you what the others got." Without warning her assailant hacked her with a razor, at the same time tearing her clothing. The man jumped through a screened window eight feet to the sidewalk below and fled when Miss Swanson screamed for help.
